 - QnA
- First and foremost- JOB.. FIRST JOB - SUCCESSFUL CAREER
- 1st job is result of years of hard work of individual as well as close ones
- 1st step towards an independent life
- manifest first job
- How to get FIRST JOB
- Hard work is nice, but hard-work in the correct direction is what brings result
- Direction is where KodNest comes into play
- KodNest's vast experience and expertise in the field
- Almost forgot.. About KodNest
- Proof - Insta page
- In-demand IT skill - full stack
- full stack ensures more opportunities as compared to simply front-end, back-end, dba
- Having Full stack skills is best we can do to get into IT
- But how to get there? Just hard work?
- No, directed hard work is required
- Talking about direction, as promised, 2 roadmaps
- 2 courses on KodNest website
- 1000+ Clients, placed students testimonials, etc also present on site
- Liked the site, will love the APP.. But later
